5. PROCEDURE

Issuing Certification Documentation

- 5.1. A report that lists learners that have completed their program but have yet to be issued with their certification documentation (testamur or statement of attainment) is automatically generated from our learner management system each Monday and emailed to the Academic Director and the Administration and Enrolment Coordinator. (Day 1)
- 5.2. The Academic Director and the Administration and Enrolment Coordinator will collate, review and verify the following information for each learner identified in the report:
- a) Enrolment form
 - b) A verified USI (This procedure will only progress beyond this step if learner's USI has been verified)
 - c) Student assessments results (including for RPL, CT and any required re-submissions) for each unit of competency within the learner's course as listed in the associated training and assessment strategy
 - d) Assessment feedback (where relevant), including for any re-submissions
- If the above evidence cannot be collected, the Chief Executive Officer shall be notified. (Day 10)
- 5.3. The Academic Director will complete a compliance review to ensure the completed program has satisfied the training package requirements as listed in the associated training and assessment strategy, and that all assessment tasks for each unit of competency have been recorded as having been successfully completed. This task cannot be delegated.
- 5.4. After completing this final compliance review, the Academic Director will approve the issuance of the appropriate certification documentation to the learner via the College learner management system. The Chief Executive Officer will also be notified of all pending certification documentation to be issued. If any issues are raised during this final compliance check, the Chief Executive Officer will be notified. (Day 11-13)
- 5.5. The Administration and Enrolment Coordinator will then conduct a review to confirm all learner fees have been received. (Day 14-17)
- 5.6. If all outstanding fees *have* been paid, the Administration and Enrolment Coordinator will issue the certification documentation.

- 5.7. If all outstanding fees *have not* been paid, the Administration and Enrolment Coordinator shall investigate and work towards recovery of the debt. Only when all outstanding fees have been paid will the Administration and Enrolment Coordinator will issue the certification documentation.
- 5.8. The Administration and Enrolment Coordinator will post all certification documentation via Australia Post. Details of the tracking number of the document will be recorded against the learner's account in the learner management system. If requested in advance, the certification documentation can be collected in person (on presentation of appropriate identification) or emailed to the learner. (Day 18-21)
- 5.9. All records of issued certification documentation are maintained on the learner management system for a period of 30 years.

Accessing Current and Past AQF Certification Records

- 5.10. All learners, past and current, can access their learner records held by the College.
- 5.11. To access these records, learners need to complete the Request to Access Personal Information form available from the College.
- 5.12. Learners may also use this form to request replacement certification documentation. An administration fee of \$100 will be charged to issue a replacement certification document.
- 5.13. If certification documentation is required to be re-issued, the normal certification documentation procedure as outlined from above is followed.
- 5.14. All records of re-issued certification documentation are maintained on the learner management system for a period of 30 years.
